FURNITURE SPECIALTIES

Since 1925, FURNITURE SPECIALTIES has been continuously engaged in the design and manufacture of fine custom upholstered furniture for both residential and contract interiors.

These many years of effort devoted to a single task have produced within our company an adherence to the highest standards of design and craftsmanship. It is this dedication which enables us to produce products of true value which can only be measured by their timeless quality.

The designs we present in this catalog are intended to illustrate our versatility, and as such, comprise only a small sampling of our continuously expanding line which encompasses more than 3,000 designs. Additionally, hundreds of special "one of a kind" items are produced every year.

We cordially invite you to visit our showrooms and to make use of our Contract and Special Order Departments which will fulfill the requisites of your most demanding programs.
